

bridgercare

At Bridgercare, no one is denied services due to inability to pay. Bridgercare also provides care to clients with private insurance and Medicaid coverage. You can apply for sliding fee scale discounts regardless of insurance status. Your insurance (if you have it) and Bridgercare's sliding fee scale work together to make sure you are getting the most affordable care possible! The fees listed on this form are the full-fee prices before any insurance or sliding fee discounts. All services below are offered on our sliding fee scale, unless specifically noted.

PRICING SUBJECT TO CHANGE - LAST UPDATED 03/01/2024

This may not be a comprehensive list - additional services which are not listed may be charged if provided.
